

CUSTOM FABRICATION

CUSTOM FABRICATION

U.S. Metals will fabricate all your details for your unique architectural expression.

DESCRIPTION

COPULA

Fabricated from 20 ounce copper

OCTAGONAL FINIAL

Fabricated from 20 ounce copper

CURVED (NON-SEGMENTED) FLASHING

Fabricated from 10' sheets in 24 guage Kynar coated steel

MULTI-AXIS CURVED GUTTER (NON-SEGMENTED)

Fabricated from 20 ounce copper

COLLECTOR HEADS

U.S. Metals hand fabricates multiple styles of collector heads. Our collector heads are fabricated from 20 ounce copper, 0.7mm zinc, 24 guage Kynar coated steel and 24 guage Galvalume steel. Copper and zinc collector heads are crafted with full-bleed solder joinery, steel collector heads are crafted with rivets in matching colors. Additionally, we can accomodate many special request designs.
